

COVID-19 Notice to City Facility Users

You are receiving this notice because you have voluntarily reserved and/or rented an outdoor or indoor City facility for your private use.

The novel coronavirus, COVID-19, has been declared a worldwide pandemic by the World Health Organization. The federal, state and local governments have declared emergencies and issued public health directives and guidance related to COVID-19.

The City has adopted cleaning protocols to prevent the spread of COVID-19 within indoor MPRD facilities. The protocols and resources available for outdoor MPRD facilities will be more limited, due to the nature of the facilities and the public's general use of the facilities. If you would like to know the protocols specific to the facility that you are using, please contact MPRD at (785) 587-2757.

In addition, the City strongly encourages all MPRD facility users to comply with the CDC's personal hygiene recommendations:

<https://www.cdc.gov/coronavirus/2019-ncov/prevent-getting-sick/prevention.html>

The following regulations apply to your reservation and/or rental agreement for the MPRD facility:

- **Masks must be worn for all indoor rentals as directed by the City of Manhattan Mask Ordinance in conjunction with the Local Health Officer's order.**
- **Masks must be worn for outdoor rentals when unable to maintain a 6-foot distance between individuals (not including individuals who reside together) with only infrequent or incidental moments of closer proximity.**
- You are responsible for ensuring how your private use will meet applicable public health directives in effect at the time of your event. Public health directive includes state laws, rules, regulations and executive orders; federal laws or regulations including those from the CDC and OSHA, and any local health order.
- You are solely responsible for informing your event attendees of any applicable health directives or personal hygiene recommendations that apply to their attendance.
- The City cannot guarantee that you or your event attendees will not become infected with COVID-19 from your reservation, rental or use of a City facility. You should inform your event attendees of the COVID-19 risks associated with your private use.
